The County of Berks has created this public platform for community engagement. It allows for the review and exploration of data and applications deemed significant to the citizens and businesses of and the visitors to Berks County. This site allows the County to reach its goals of providing access to information that engages citizens, encourages transparency, provides accountability, and promotes economic opportunities. The Berks County Planning Commission currently has GIS data available for download and will continue to add additional data and documents to the Berks County Data Hub moving forward.

This geospatial data and other related material was created or compiled by the County of Berks with the intent of using the data for county government related activities, and not necessarily with the intent of use of the data recipient in mind. Data is provided on an "As Is" basis. The County of Berks does not assume any liability for damages caused by the use of this information. In no event will the County of Berks, its staff, or its elected officials be held liable for any direct, indirect, incidental, special, consequential, punitive, or other damages, including loss of profit, arising out of or in connection with the use or performance of the data. The County of Berks assumes no liability arising from use of this geospatial data or other information without warranty of any kind, either expressed or implied. This is for informational purposes only.

The Berks County Greenway, Park and Recreation Plan GIS data is live and available to download on the Berks County Open Data Hub. Please visit the above link and scroll to either the RECREATION or PLANNING tile to view all of the GIS data currently available in these categories
