CALL TO ORDER: 11:00 a.m.

APPROVAL OF THE MINUTES

The Board approved the minutes for the March 6, 2025, Election Board meeting as presented.

PUBLIC COMMENT ON AGENDA ITEMS

None.

Agenda Items

1. Campaign Finance Complaint Discussion

First Assistant County Solicitor, Cody Kauffman, explained the County received a campaign finance complaint from an individual raising concerns about a \$10,000 in-kind contribution that a local PAC reported from a state level PAC for campaign mailers and flyers to support a local township commissioner candidate. The candidate's local PAC reported the in-kind contribution on the local PAC's campaign finance reports, but the state level PAC did not report the contribution. Mr. Kauffman noted that he obtained copies of the flyers, which included a disclaimer stating they were paid for by the state level PAC.

Mr. Kauffman said he spoke with both the candidate and the person who filed the complaint. The candidate indicated that the state level PAC in question was closely related to another state level PAC. The person who filed the complaint shared further suspicions that the contribution was tied to proposals for warehouses within the candidate's township. Mr. Kauffman said he did some additional investigation of the matter and the state level PACs and believes there could be some legitimacy to these concerns. He noted that the Election Code makes it unlawful for any person to make any contribution with funds designated or given to him for the purpose by any other person, firm or corporation and that each person shall make the contributions in their own name.

Based upon the circumstances, Mr. Kauffman recommended that the Board refer the matter to the District Attorney's office for further investigation.

On the motion of Commissioner Santoni, seconded by Commissioner Leinbach, the Board moved to refer the campaign finance complaint to the District Attorney's office for further investigation.

2. Proposed Kutztown Area School District Ballot Question

Mr. Kauffman said the County was recently contacted by the Kutztown Area School District about listing a ballot referendum question on the 2025 Municipal Primary ballot related to a potential tax increase.

He noted that the initial proposed language for the question did not meet the criteria of Act 1 because it did not include a specific rate or rates for the proposed increase. He said he informed the school district of that issue, and all parties agreed to modify the question to include specific rates. He said the Kutztown Area School Board voted on the question at their meeting Monday night, but inadvertently included the wrong language in the question and Plain English explanation. Mr. Kauffman said the district's resolution gave its solicitor discretion to "take any action required" to submit the referendum to the Board of Elections, which would include modifying the language to include the specific rate of the proposed tax increase. When Mr. Kauffman spoke with the district's solicitor, the district's solicitor stated that it was the district's intent to include a specific rate for the proposed increase.

Mr. Kauffman said the ballot question was timely submitted and otherwise compliant with Act 1, so given the clear understanding from all parties to modify the language to include the specific rate of the tax increase, he recommended that the Board approve listing the question on the 2025 Municipal Primary ballot.

On the motion of Commissioner Santoni, seconded by Commissioner Leinbach, the Board approved including the Kutztown Area School District Ballot Question on the 2025 Municipal Primary ballot, as explained by the solicitor.

3. Ballot Position Drawing

Commissioner Leinbach gave a brief overview of how the ballot position drawing would be conducted, establishing that the low numbered ball would equate to the higher ballot position. He said the order of the drawing would occur with the Party of the Governor (Democratic) drawing first and then candidates would draw in the order of when their nomination petition was filed.

Those in attendance were given the opportunity to inspect the bag and balls utilized before the drawing began.

Mr. Kauffman also noted that several candidates had pending petition challenges filed against them that could affect their inclusion on the ballot. He noted that positions would still be drawn for those candidates, but if any objections stood,

the affected candidates would be removed and the order for remaining candidates would be adjusted accordingly.

The results of the ballot position drawing are included in the following attachments:

- List A (Countywide)
- List B (Magisterial District Judges)
- List C (City Offices)
- List D (School Districts)
- List E (Municipal Offices)
- List F (Elected Poll Workers)

Election Director's Report

Ms. Norton shared that the elections staff is working on building the ballot for the 2025 Municipal Primary. She said staff is also processing thousands of permanent mail-in and absentee ballot applications and confirming which poll workers will be working this election.

General Comments from the Board regarding current election-related issues

None.

Public Comment

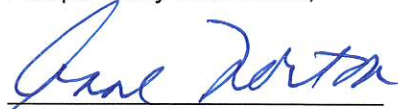

Debbie Noel, Robeson Township said she would be remiss if she didn't mention that a candidate used the term "Demoncratic" on their nomination petition. She said that term is often used to invoke violence and dismiss people that the user either doesn't like or disagrees with. She said she doesn't believe it was simply a mistake because it was on two nomination petitions. She asked the Election Board to publicly rebuke the candidate who listed the term on his nomination petitions.

Commissioner Santoni said he agreed that it was inappropriate to utilize that term on a nomination petition and asked anyone running for public office to be civil and try to do better, regardless of their party affiliation.

Commissioner Leinbach said he would not be taking a public position on this specific situation because he respects everyone's right to free speech, even if he personally doesn't like it or finds it offensive. He did agree that elected officials and individuals running for office need to dial back the rhetoric and personal attacks.

ADJOURNMENT 12:44 p.m.

Respectfully Submitted,

Anne Norton, Chief Clerk
