The County hereby amends the above noted Request for Proposal (RFP) as indicated herein. All other details of the RFP remain unchanged. **Language that is underlined denotes that which has been added. Language that has been stricken denotes that which is hereby removed.**

#### **Questions:**

- Q1:** Could productive labor hours be reduced as part of the RFP, with the understanding that any changes would require union contract approval?
- A1:** Productive labor hours cannot be reduced as part of the RFP. Any modification to established labor hours would constitute a change to terms governed by the applicable collective bargaining agreement, and therefore cannot be altered through this procurement process.
- Q2:** For Option 2 on the Price Proposal, are you looking for an actual rate per resident day and want the chart completed to see the breakdown of the day rate, or are you just looking for the actual day rate?
- A2:** For Option 2, we are seeking the total monthly lump-sum cost for all goods and services, inclusive of out-of-pocket expenses presented in a Per Resident Day (PRD) format showing the total cost per meal and the food cost per meal. The Meal Type and Category costs should also be presented in a PRD format.
