Womelsdorf Borough		

**NOTE:** All response blocks left blank indicate no information has been provided.

**Sewer Outside Laboratory Analysis:** The table depicts the comparisons of reported costs for 1997 and 2011 for outside laboratory analyses. Outside laboratory analysis is used to meet required regulations from the various regulatory bodies regarding wastewater treatment. Records of analysis of treated and pretreated wastewater are required as part of the Chapter 94 Annual Report. Many of the plants use outside laboratory analysis because they do not have the training, certification or required equipment to perform the tests on site.
