

Reading Area Transportation Study
FFY 2027-2050 Long Range Transportation Plan Public Outreach Meetings

The Reading Area Transportation Study (RATS), the federally designated Metropolitan Planning Organization (MPO) for Berks County, is updating its Long Range Transportation Plan (LRTP). The LRTP helps direct transportation and land use decisions over a 20-year period. As part of the process, we will be conducting public outreach meetings across Berks County to review the goals and objectives, discuss currently planned projects, and discuss existing and future transportation issues and needs. Your participation will provide valuable insight on the condition of Berks County's transportation system and help guide the development of the LRTP.

For your convenience, seven (7) in person meetings throughout the County and two (2) virtual meetings will be held:
