Responses to Questions

- Q1 Are the plans for Bridge 32A described in the scope? Is this bridge to remain open during construction?**
- A1 The work that is listed in the ITB for Bridge 32A is the work that is to be bid upon for this project. For the scope expected, a permit would not be needed at this bridge; however, if the scope does change, a previous permit was included as the permit does not have an expiration date. Yes, Bridge 32A is to remain open during construction.**
